# Cocktails

“A cock-tail, then, is a stimulating liquor composed of spirits of any kind—sugar, water, and bitters—it is vulgarly called a bittered sling and is supposed to be an excellent electioneering potion, inasmuch as it renders the heart stout and bold, at the same time that it fuddles the head.

It is said, also to be of great use to a Democratic candidate: because, a person having swallowed a glass of it, is ready to swallow anything else.”

*- Balance and Columbian Repository, May 13, 1806*

## USEFUL INFORMATION

Ramazotti - An Italian digestif from the bitters category. 33 different aromatic plants and fruits are used in its making, including sweet oranges, whose taste is the most prominent.

Maraschino Liqueur - A clear, relatively dry liqueur made from sour Marasca cherries. The liqueur is made with the sour fruit and the crushed cherry pits, which give it a subtle bitter almond flavor. The cherries are processed and distilled much like brandy, and later combined with a pure cane syrup before it's aged and filtered. It's one of the very few liqueurs in the world produced by distillation.

Carpano Antica: - The first vermouth ever, made from white wine, Piedmont's muscate and the rich wines from southern Italy. Its taste and aroma come from carefully selected brewed mountain herbs. Its vanilla bouquet is matched by notes of spices and dried fruit such as star anise, orange peel and dates.

Punt E Mes - It has a golden orange color with topaz tones, herby aromas and dark red, black dahlia with vermilion shades. The initial taste is one of sweetness, characterised by an intriguing accent of orange. This is followed by the characteristically bitter taste of the quina and ends on a sweet note.

Benedictine - In 1510, the Benedictine monk Don Bernardo Vincelli created the recipe for this French liqueur, which calls for 27 plants and spices. The three main ingredients are Angelica, Hyssop and Lemon Balm. There are only three people on earth who know the complete recipe for making the spirit.

House-made Tonic - Made from cinchona bark, a natural source of quinine, our house tonic is infused with grapefruit, cardamom, ginger, vanilla, and lemongrass.

Cardamaro - A wine based bittersweet liqueur known for its versatility and distinctive flavour; its taste is enriched by an infusion of herbs and plants, including blessed thistle and cardoon: a relative of the artichoke.

Pampelmousse - A blend of grapefruit and neutral alcohol, the result of which is a light, refreshing flavor emblematic of the ripest of grapefruits.

St. George Absinthe Verte - A heady, herbaceous smack to the senses. It opens with black licorice and then slowly evolves into citrus and grass profiles with a dose of sarsaparilla. Because of the abundance of essential oils, it's rich and viscous on the palate—even at 120 proof.

Averna - A popular Italian bitter liqueur (or Amaro) still produced from the original 1868 recipe of natural ingredients. The herbs, roots and citrus rinds are allowed to soak in the base liquor before caramel is added. Averna is sweet, thick and has a gently herbal bitterness.

Genever - the juniper-flavored national and traditional liquor of the Netherlands and Belgium, from which gin evolved. Made of a blend of distillates from a combination of rye, wheat, and corn; juniper; and other botanicals

# Wine

At Alchemy, we focus on offering local (think Oregon), smaller production, boutique wines from properties that might be overlooked. Alongside boutique bottlings and deep verticals, I strive to offer some of the renowned wine gems that might be more familiar, but harder to find.

Due to the nature of small case production for boutique wines and small allocations,

I would ask your understanding about limited stock or vintage changes.

To the best of my knowledge, I have noted all wines that are grown organically, biodynamically, or sustainably.

We are happy to offer service for wines from your cellar for \$20 for each 750ml.

If you wish to further explore our wines we offer private case selection, shipping, as well as private tastings.

If you have any questions, please do not hesitate to ask myself or any of the wait staff.

## BEAUX FRÈRES

We are proud to present a vertical of Beaux Frères Wines.

Plantings began in 1988, with the oldest vines now around 28 years old.

The wines embody the ideal of minimal handling while in the winery, and result in  
a wine that becomes far more complex, nuanced, and layered with bottle age.

We would like to give a big thank you to Mike Etzel, and Mike Etzel Jr. for helping with the vertical.

## EYRIE VINEYARDS

David Lett planted vines in 1965, making him one of the founders of Oregon Pinot Noir.

His son, Jason, has taken over and helped to preserve his father's legacy.

Over the last 10 years, Jason created the Cellar Certification program to ensure the viability of older vintages.

Through a 21-step process, he has assured that vintages that might have been lost are not just available, but preserved and drinking well for decades to come.
