

POSEIDON SE7EN

MKVI OWNERS UPGRADE GUIDE

All Poseidon MKVI owners have the opportunity to upgrade their MKVI to the POSEIDON SE7EN, the Next Generation Rebreather.

You have two upgrade options:

- > MKVI to SE7EN Upgrade - Complete
- > MKVI to SE7EN Upgrade - E-Module

The Complete Upgrade gets you the new E-Module, the new Cover and the new Mouthpiece Upgrade and the full benefits of the POSEIDON SE7EN. The E-Module Upgrade gets you the new electronics enabling all the performance enhancements that come with the SE7EN. We are subsidizing the E-Module Only Upgrade as much as possible to support our Poseidon MKVI customers.

This is a great option for those who want to stay up to date with the latest technology. For those who choose not to upgrade, most of the accessories and the mouthpiece upgrade are available for your MKVI.

G7 INSIDE

Generation 7 electronics open up endless possibilities for interaction, accessories and apps. Entirely new internal hardware driven by a new generation of firmware makes the SE7EN faster, flexible and reliable in any diving environment.

BLUETOOTH CONNECTIVITY

Download your dive logs in seconds, update your settings and interact effortlessly with your POSEIDON SE7EN, all using Bluetooth.

DIVE MANAGEMENT SYSTEM

Enjoy enhanced interaction with your rebreather. The upgraded configuration tool interacts with your POSEIDON SE7EN via Bluetooth, allowing you to make configuration changes in moments. See your dive logs in far greater detail and much more. Better still, it's now Mac compatible!

RECREATIONAL OR 100M TECHNICAL REBREATHING

Generation 7 electronics open up endless possibilities for interaction, accessories and apps. Entirely new internal hardware driven by a new generation of firmware makes the SE7EN faster, flexible and reliable in any diving environment.

ENHANCED SERVICE & SUPPORT

Poseidon already has class-leading reliability and technical support, but the POSEIDON SE7EN makes service and support even easier and more convenient. Automatic dive log downloads to support via Bluetooth, combined with detachable displays and sensors mean that support is even faster and more convenient than before!

UPGRADED MOUTHPIECE

The best rebreather mouthpiece just got even better! A new system keeps the bail-out valve locked in place in closed or open circuit, while still enabling simple switches from closed to open circuit.

COVER

Protective, desirable and functional in equal measures, the cover on the Poseidon SE7EN has a built-in handle system, along with grab and lighting rails.

POSEIDON MKVI UPGRADE OPTIONS

G7 E-MODULE

SMART BATTERY

COVER

MOUTHPIECE UPGRADE KIT

COMPLETE UPGRADE

This package includes the following items:

- > G7 E-Module
- > Cover & carrying handle
- > Mouthpiece upgrade kit

E-MODULE UPGRADE

This package includes the following items

- G7 E-Module

ACCESSORIES OPTIONS

You can order many of the POSEIDON SE7EN accessories to customize your MKVI, including:

- > Mouthpiece upgrade kit (requires you to return your current mouthpiece plastic housing)
- > Cylinder QMR
- > 3rd cell holder

You may not order a G7 case on its own. This can only be purchased as part of the Complete Upgrade.

HOW TO FIND OUT MORE:

- > Register your interest by going to <http://poseidon.marketing4abundance.com/Poseidon-MKVI-to-POSEIDON-SE7EN-Upgrade-Registration>
- > Poseidon or its agent will contact you with pricing, availability, local return details and answer any questions you may have
- > You then decide which MKVI to SE7EN upgrade suits you and let Poseidon know!

IMPORTANT:

- > Registration for this offer will close on March 31, 2014
- > Upgrades must be ordered and paid for by June 30, 2014
- > The customer must return their e-module and/or their mouthpiece plastic housing to Poseidon or its agent as part of this upgrade. Components are being replaced; not refurbished so this will be a straight exchange with minimal "out of water" time
- > If you have recently upgraded your MKVI e-module for 60M rating but still wish to upgrade to the SE7EN, you will be able to use the MA Counter-Lungs. You will be entitled to a free mouthpiece upgrade. Your 60M Battery will work with your G7 e-module.
- > Once you get your upgrade, you will need to upgrade the firmware on your Battery to make it work with the new E-Module

E-MODULE

The new G7 electronics are what the Next Generation Rebreather, the POSEIDON SE7EN, is built around.

G7 MOUTHPIECE

COVER

The SE7EN cover is stylish and functional at the same time.

Protective, desirable and functional in equal measures, the cover on the POSEIDON SE7EN has a built-in handle and trim weight system, along with grab and lighting rails.

UPGRADED MOUTHPIECE

The upgraded G7 Poseidon Mouthpiece will make it easier for you to verify that you have the diluent valve switch in the correct position.

The best rebreather mouthpiece just got even better! A new system keeps the bail-out valve locked in place in closed or open circuit, while still enabling simple switches from closed to open circuit.
