# Cocktails

“A cock-tail, then, is a stimulating liquor composed of spirits of any kind—sugar, water, and bitters—it is vulgarly called a bittered sling and is supposed to be an excellent electioneering potion, inasmuch as it renders the heart stout and bold, at the same time that it fuddles the head.

It is said, also to be of great use to a Democratic candidate: because, a person having swallowed a glass of it, is ready to swallow anything else.”

*- Balance and Columbian Repository, May 13, 1806*

# Wine

At Alchemy, we focus on offering local (think Oregon), smaller production, boutique wines from properties that might be overlooked. Alongside boutique bottlings and deep verticals, I strive to offer some of the renowned wine gems that might be more familiar, but harder to find.

Due to the nature of small case production for boutique wines and small allocations,

I would ask your understanding about limited stock or vintage changes.

To the best of my knowledge, I have noted all wines that are grown organically, biodynamically, or sustainably.

We are happy to offer service for wines from your cellar for \$20 for each 750ml.

If you wish to further explore our wines we offer private case selection, shipping, as well as private tastings.

If you have any questions, please do not hesitate to ask myself or any of the wait staff.

## BEAUX FRÈRES

We are proud to present a vertical of Beaux Frères pinot noirs.

Plantings began in 1988, with the oldest vines now around 30 years old.

The wines embody the ideal of minimal handling while in the winery, and result in a wine that becomes far more complex, nuanced, and layered with bottle age.

We would like to give a big thank you to Mike Etzel, and Mike Etzel Jr. for helping with the vertical.

## EYRIE VINEYARDS

David Lett planted vines in 1965, making him one of the founders of Oregon Pinot Noir.

His son, Jason, has taken over and helped to preserve his father's legacy.

Over the last 10 years, Jason created the Cellar Certification program to ensure the viability of older vintages.

Through a 21-step process, he has assured that vintages that might have been lost are not just available, but preserved and drinking well for decades to come.
