3 Ways to Use Breakaway Fencing

Perimeter Control

BreakAway is set up on either side of every entrance and at select spots to make it super easy for your guests to head out at the end of the show, due to weather, or an active emergency.

Pre-Planned Routes

BreakAway can be set up back stage to quickly route in artists and staff with ease. No more crazy routes or moving heavy fences to get your top talent in or out.

VIP Area Protection

We know your fans love these experiences and pay top dollar but it can be a huge time suck and logistic nightmare. BreakAway can deploy to make it super easy to quickly bring guests in and out in unique branded experience.
