

## **Graphic, Video and Digital Designer - Part Time or Full Time**

As an experienced Digital Designer, you'll create amazing design and user experiences that help people connect to helpful content and great community. Your work will help people know and follow Jesus and join us in the mission of CityGate church.

You'll work under the Media Director's direction, together with our digital team to build well designed graphics and videos to boost the effectiveness and connectivity of CityGate messages and ministries.

Daily tasks could range from creating graphics, filming video, editing video and content, updating content on the website, translating print promotions to web executions, to designing immersive web experiences.
