

Avalara Returns™

File accurately and on time. Every time.

Automate and outsource and leave the audit risk, headaches and resource drain of sales tax return preparation, filing and remittance behind. Put your compliance concerns to rest with Avalara Returns.

Fast

Dramatically shrink the time your company spends on sales tax return processing. With Avalara Returns, transaction data automatically populates and remits payment of liabilities.

Easy

Integrate sales tax compliance with calculations from any accounting or financial application, custom-built application or ecommerce package. Avalara Returns automatically provides e-file, hard-copy and Streamlined Sales Tax returns for businesses of all sizes.

Easily import data from your existing system or, if you have Avalara AvaTax, integrate transactional data seamlessly for filing. Simplify all your payments to a single ACH transfer to a secured account – Avalara Returns takes care of individual payments to each entity.

Accurate

Forget having to track jurisdictional requirements for filing and timely remittance. Avalara Returns ensures the right amount is remitted to the right taxing authority at the right time.

Affordable

Virtually eliminate time and money spent on audits or penalties and interest. Reduce employee overhead and training costs with our easy integration. Remove hardware costs with cloud-based services that feature scalable, subscription-based pricing tailored to meet each customer's specific needs.

Avalara Returns integrates with AvaTax for optimum end-to-end automation of your sales tax calculation and remittance process.

From pre-loaded calendars through filing and remittance, Avalara Returns automates your entire filing and remittance process.

Avalara is a certified Streamlined Sales Tax (SST) compliance service provider.

The Power of Avalara Returns: Ensure timely, accurate and responsive transactional tax filing and remittance – with unprecedented ease.

LIABILITY WORKSHEET OR TAX DATA UPLOAD

For AvaTax customers, automated filing begins with a review and reconciliation of tax collection data via the AvaTax Liability Worksheet. Customers using alternative tax decision software begin the Returns process with a data upload to Avalara Returns.

RETURN PREPARATION

Avalara Returns populates tax return forms with the supplied data and remits payments and forms to the appropriate taxing jurisdictions.

FILING & REMITTANCE

The filing and payment process is effortless for Avalara Returns customers. Paper forms are printed and mailed, and electronic forms are filed as required by states. Remittance can be automated to a single payment via ACH transfer on the appropriate filing date.

RETURN ARCHIVE

Comply with government records retention requirements. Digital archiving and storage is managed with easy access to previous years' information in case of audit or inquiries.

NOTICE MANAGEMENT

Enable immediate responsiveness to tax notices and prevent audits with fast turnaround. Reduce or eliminate potential penalties and interest through clear, organized communication.

End-to-end compliance + accuracy for all your transactional tax needs.

Avalara AvaTax

Calculation

Automating the sales tax calculation/decision process saves time, money and effort. AvaTax dynamically delivers billions of tax decisions and applies them across 12,000+ jurisdictions at the point of transaction, fully integrated with your billing system or ERP.

Avalara CertCapture

Certificate Management

Limit your non-taxed transaction audit liability. Without all the hassle and in real-time. Ensure that valid certificates are on hand immediately through electronic collection, storage and management making them accessible anywhere, anytime.

Getting started with Avalara Returns is easy. Reduce your audit risk with on-time, accurate filing and remittance of sales tax liability.
