NOTES :

1. This time table is based on the departure time from the place the bus originates. Therefore, when you go to the airport, the arrival time at GANEUNG 3 DONG OFFICE (The bus stop that most staff use) will be different depending on where the bus originates.

Most buses will take 20~25min until they reach GANEUNG 3DONG OFFICE depending on traffic. Shaded 7200 will take 30~35min until it reaches GANEUNG 3DONG OFFICE depending on traffic because it leaves from a different place in UJB

2. At INCHEON AIRPORT (ICN), the departure time will be same as this time table because that is the bus stop in which it originates. The ICN (Incheon) column shows the time leaving from Incheon airport. All the buses will pass GANEUNG 3 DONG OFFICE bus stop.

3. For GIMPO(7300) bus, when you leave from UJB, all the buses will take 20~25min until they reach Ganeung 3 Dong Office. When you leave from GIMPO airport, this time table is based on departure time from International terminal. When you take from Domestic terminal, add 5~10min.

Example 1: If I want to take a bus from UJB to Incheon and see 6:05 (7200) on the time table, then I have to add 30-35 minutes to that time (because it is shaded) to find out when the bus arrives at our airport bus top. Therefore that particular bus will arrive between 6:35-6:40.

Example 2: If I want to take a bus from UJB to Incheon and see 10:25 (7200) on the timetable, then you would need to add 20-25 minutes (because it is not shaded) to that time to find out the time of arrive at our airport bus stop. Therefore that particular bus would arrive at 10:45-10:50.

Example 3: If I want to take a bus from Incheon to our bus stop in UJB (Ganeung 3 Dong Office) and I saw 11:00 {7200} on the timetable, I would not have to add any additional time, because the buses originate from the airport. Therefore, the bus will arrive at 11:00.

Example 4: If I want to take a bus from Gimpo domestic terminal and the timetable says 9:40, I would need to add 5-10 minutes to the time, because the bus originates from the International terminal. Therefore, the bus will arrive between 9:45-9:50.
