

Something Blue: Say “I Do” in the Middle of the Ocean at Four Seasons Resort Maldives

Four Seasons’ Landaa Giraavaru Resort in the Maldives opened a spectacular wedding venue last month which allows couples to say their “I Dos” in the midst of the blue sea.

The venue, located about 50 meters from the shore is a free standing structure with a glass-bottomed aisle, allowing the couple and guests to admire the depths of the blue Indian ocean below.

The chapel-like venue boasts a light and airy interior with lofty ceilings, white décor and titanium-polished concrete flooring. Bi-folding glass doors surround the 485 square foot structure and can accommodate up to 16 guests.

Armando Kraenzlin, Four Seasons’ Vice-President and General Manager for the Maldives said: “Landaa’s wild natural beauty has hosted so many incredible weddings and celebrations. Our UNESCO Biosphere Reserve location really sets up apart, and our vision with the new wedding pavilion was to incorporate this in a way that surpassed anything we’d offered before.
