**Adam M. Meier**  
Secretary

Friends and fellow state employees,

As Executive Director of Serve Kentucky under the Cabinet for Health and Family Services, I have a front row seat to the transformational work occurring in many charitable programs across the Commonwealth. These charities provide food and clothing for people in need, improve academic achievement in schools, support cancer research, offer in-home stability for new parents, seniors and children with special needs, and so much more.

Real improvement against Kentucky's greatest challenges begins with you. Since 1993, the Kentucky Employees Charitable Campaign has provided an opportunity for you to be a part of the solution.

This year, the KECC is back and better than ever!

If you want to make lasting change in your community, login to KHRIS at [khris.ky.gov](http://khris.ky.gov) today, and direct your gift to the proven Impact Areas of Basic Needs, Family Stability, Education, and Health to promote individual and family success. Every Kentuckian needs these four foundations to succeed!

Don't hesitate. Be a part of the solution. Give by payroll deduction today.

When you give directly to the Impact Areas or to the KECC Charities, 100% of collected gifts go directly to help others. Whether you give to one of the four Impact Areas, or to the charity of your choice - give to your cause through your campaign.

So, what will you give in 2019?

Thank you for all you do for our Commonwealth and for Kentuckians in need!

In Service,

Joe Bringardner  
Executive Director, Serve Kentucky  
2019 KECC Chair
