

# Latitude Manifest & Shipping

## A Parcel Shipping Integration System

PathGuide's Latitude Manifest & Shipping System is a parcel shipping integration system that simplifies warehouse shipping, package tracking and route management. This software provides a seamless multi-carrier shipping solution that automatically finds the lowest available shipping rate (or fastest option for those rush orders) from all available carriers.

Flexible and affordable, Latitude Manifest & Shipping System provides multi-carrier compliance whether you ship with major international carriers, regional carriers, or LTL.

# So, why PathGuide?

## Simply put

“Latitude has really let us refine our business through major productivity and accuracy gains over the years. The exceptional customer service and engineering support offered by PathGuide made them an ideal technology partner, and we have total faith in their commitment to the long-term success of our business.”

Landon Horton  
Director of Operations  
Jensen Distribution Services

- **A vested interest in your business.** Working together, we have a solid understanding of the key drivers to your business and where you want to take it moving forward.
- **Building your confidence.** We like to keep it simple. Access to our experts means you're the center of our universe. We're responsive and competent, to keep your business moving and your customers happy. Partnering in your success is what we do. It's not complicated, it's our commitment.
- **User intuitive.** Built for flexibility, Latitude WMS is user-centric so warehouse staff can adapt quickly and contribute to high productivity (speed, accuracy and control) across DC and branch operations.
- **Encouraging your workers.** Your hardworking warehouse employees deserve to know where they stand. Latitude WMS gives you warehouse performance metrics tools to show employees how they're measured. Benchmarking progress allows you to reward incentives for higher achievement, improve morale and reduce turnover.
- **Economic value.** Not the cheapest, nor the most expensive. We work alongside you to derive a conservative ROI. You'll know right away if Latitude WMS will be one of the best investments for your business. If it's not, we won't hesitate to tell you.
- **Proven ERP integration.** Latitude WMS interfaces with many different ERP systems including Epicor, Infor, SAP, Oracle/JDE, Microsoft Dynamics, and more. Should your business outgrow your ERP system, Latitude WMS can easily move with you to preserve your warehouse software investment.
- **Evidence of success.** Our customers will give you their perspective on partnering with PathGuide and how well we live up to their expectations. They're glad to share their experience in how to successfully rollout a WMS project, and what they learned along the way.
- **Peace of mind.** We offer a money-back guarantee. Imagine that. In the unlikely event Latitude WMS has not met your needs after following recommended project and implementation guidelines, we'll uninstall the software and refund your money, less any hardware and expenses. That's true peace of mind.
